Dear Madhavraj:

As discussed on phone, I am putting together our discussion on your appointment as a resource person for Asha Bangalore:

1. The first 6 months of the position will be spent in 2-3 projects with whom Asha Bangalore currently works with, this would most likely be Sita school in Bangalore, Thulir in TN, and Timbaktu schools/CRC in Anantapur, AP.

2. The purpose of the time spent at these organisations will be for you to observe their practices, understand and absorb what you think is good and can be re-applied elsewhere, give suggestions yourself, and very importantly, gain experience working with individuals effectively in a new environment.

3. The project stewards for these projects will introduce you to our partners in these organisations and will work with you and the partners to ensure a valuable learning and useful experience for all involved.

4. You will be expected to provide us with written report of your activities, observations, suggestions and feedback. While much of this will be continuous, i.e. via the project stewards - we would also need you to attend the Asha Bangalore chapter meeting in person, at least once a month during this period.

5. At the end of these 6 months, based on feedback from you, our partners, project stewards, and ongoing discussions with the the Asha Bangalore chapter, the chapter will make a decision on whether our interaction is mutually beneficial - and can we have a useful, effective collaboration going forward. If not - we will continue to support you and your activities with our partners for a period of 3 further months.

6. If we decide to take it forward, the appointment will be for a minimum of 1 more year.

7. We offer you an honorarium of Rs. 7,000 p.m. during the first 9 months period. We will also provide you with a laptop to help you document your activities.
