Sub: Outstanding results of Vasundhara for
National Talent Search Exam.2009

Dear Vikas and Sreedevi,

Apart from our Science-on-Wheels programme, one of the main activities is training the talented students of Sindhudurg District for National Talent Search Exam. Before Vasundhara started this programme, not a single student had ever qualified for NTSE Scholarship. However, since Vasundhara statred this programme about 5 years ago, every year, about 4 to 5 students have qualified.

Happy to inform you that this year a record number of 11 students have qualified for NTSE Scholarship so that they can pursue the line of their choice. Enclose herewith Vasundhara's message dated 12th September along with the list of the students. Please circulate this message to all concerned in Asha at the Princeton as well as Austin Chapter.

Best wishes and warm regards,
Ramesh Kachiolia.
