

Visit to RKUPS, Yellamma Banda

Date: 18th Aug 2007

Visited by: Giri, Prashanth (Asha Hyderabad), Mahesh, Sridhar's parents.

We visited Lions Club School (Ramakrishna Upper Primary School) on Aug 18th 2007, when one of my friend's (Sridhar) parents wanted to donate day's meal at the school. We left from Kukatpally Housing board at 11:30AM and were there at the school by 11:45. Mr. Mahesh also has joined me from Erragadda, who has shown interest in joining Asha Hyderabad. We have met the school teachers there and came to know that Head Master Mr. Rami Reddy has just left the school after looking after few aspects in the school. We showed the donors the school and the classes. It looks like last year, 7th grade kids got passed with good marks this time. Most of the kids got 60 to 70% marks and most of them passed in 1st class. Prashanth also joined us immediately.

We came to know that there were only 193 kids present that day in the total of 245. We also saw from the attendance register books that the strength is little low every Saturday for some reason.

We looked at the mid-day meal register book where all the teachers put their consensus on the food quality. The food quality seems to have improved a bit now. There were not many bad marks at all compared to last year's. The lunch bus has arrived at 12PM and we served the food to the kids. We saw that this time the quality was good in cleaning and keeping the premises clean. This was our uninformed visit to the school. I think the work is being done properly. The donors also distributed chocolates to the kids.

Over all I am very satisfied with the visit and the purpose of mid-day meal that Asha Hyderabad is supporting there is being met properly there.

The photos taken during this visit are located at:
