Not sure if we recorded it on paper or not, but my impression was that we agreed for the immediate disbursement of 'allocated' funds to Asha Deepa, with allocated representing any \$ received before 3/18/12 and which donors specifically requested to be sent to Asha Deepa. In that regard, I think the current \$1685 is included in that vote.

Nevertheless, my vote is also a yes.

Mohit,

We discussed this on April 29th. There is nothing stopping donors to re-allocate their donations if it is donated before March 18th. There is no vote for that. The vote is primarily for disbursement of the extra \$1685 for Asha Deepa.

Hey Arvind,

Is the vote - "Chapter is fine with Donors re-directing their donations to Asha Deepa" ?

Hello all:

During our discussion on April 29th Asha meeting, we noted that a Donor can transfer funds to the project they want if it was donated before March 18th.

Bharath sent an email to Austin treasury (see email below) requesting treasury to disburse to Asha Deepa. Since we didn't have a vote for this disbursement, I'm requesting all the people in that meeting that day to please send in your vote with a "YES" or "NO" (just to me to avoid spam) so that I will compile it and upload on project page.

Please do this ASAP, as the requirement is urgent!

My vote is a "YES".

Regards,
Arvind

Austin treasurers

I would like to use \$1685 of what I raised in the past 2 year's SOH towards Asha Deepa.
Please allocate that amount as project specific donations towards Asha Deepa.

Bharath
