

Shishur Sevay: Typical school schedule for six days a week. Sunday is less structured, with visitors, girls cooking, crafts, playground.

Currently six girls are in the ‘regular’ group Two girls are in the “problem” group and we expect to take three new girls end April. The problems are running away from school, but also they were unable to keep up with the curriculum. They also need more structure. Four girls are in the handicapped group.

	<b>Regular Students</b>	<b>Problem and New Students</b>	<b>Handicapped</b>
