## Proceedings for Government Recognition

The continues effort is under progress to obtain the building license from the Thasildhar. As the girls home has two owners, One owner is residing nearby town and one is living in the abroad country, so the Thasildhar suggested to get the notary certificate regarding the property. We made arrangements with the sister in local and prepared the required notary certificate. But the office refuses to accept the certificate, he said that the certificate has to get it from the brother who lives in the abroad, the embassy has to certify this certificate. So the girls home building license is pending.

As the Thasildhar is satisfied and the needed infrastructure and documents available for the boys home, he issued the building license for the boys home.
