

## Inspiring Indulgence ...by Asha for Education

Be a part of Asha San Diego's Inspiring Indulgence campaign by purchasing cookie or soup jars and support our newest project – Aadarana: a girls orphanage in Hyderabad, India. The plight of the Indian girl orphan is particularly challenging with very little community support for these children. Right now the orphanage is struggling to pay their rent, send the girls to school and meet their basic sanitary needs. We hope that this fundraiser should alleviate these needs and also provide the resources necessary to allow the girls to continue their education. To find more information about Aadarana and our other projects please follow us at <http://www.ashanet.org/sandiego/> or email us at [asha.sandiego@gmail.com](mailto:asha.sandiego@gmail.com)

The following jars are available for purchase. All net proceeds go to Aadarana.
