On the eve of India's 58th year of Independence, over 50 million of her children have not yet seen the inside of a primary school.

Between July 4th and September 5th this year people all over the world will symbolically work together with Asha to change this situation.

Asha for Education, an international not for profit organization, is committed to providing access to basic education for underprivileged children in India. Asha urges you to find out more about this event and participate by donating at least an hour's pay towards achieving this goal.

Please join us during this symbolic time, as we work together to educate children in India.
